The MFC-210C from Brother.

The all-in-one business solution to printing, faxing, copying and scanning.

PC - free copying at up to 600 x 1,200dpi resolution

20 Speed dials and a 170 page fax memory

Scanning at up to 19,200dpi interpolated resolution

MFC-210C

- Colour Printer
- Colour Fax
- Colour Copier
- Colour Scanner
- PhotoCapture Centre™

Stylish and simple to use, this is a machine that not only looks good it also offers remarkable value to business users.

Save space and money with one easy-to-use machine

From the moment you install the MFC-210C you will find operation very straightforward thanks to an intuitively designed control panel. The hidden USB cable connection allows this slimline all-in-one to fit into any corner of the office to create more space exactly where you need it.

All important print quality

Produce sharp and precise prints, text documents and complex charts at speeds that won't leave you frustrated while you wait. Borderless printing allows you to reproduce photo quality images from your digital camera.

- Up to 1,200 x 6,000dpi print resolution
- Up to 20ppm mono print speed
- Up to 15ppm colour print speed
- Borderless printing
- 100 sheet front loading paper tray

Professional quality fax facility

Quality and reliability are the key factors here. The MFC-210C houses the very latest technology to send and receive both mono and colour faxes. With a sizeable fax transmission and out of paper memory you won't lose vital fax information, and the speed dialling capability makes life easier when you get busy.

The adjustable hinge allows bound documents to be faxed just as easily as single sheets.

- Up to 170 page memory
- Up to 20 speed dials
- Automatic send from PC

Multi-source copying made easy

The easier copying is, the more you will find it an invaluable addition to your office. With the MFC-210C you don't even have to waste time turning on your PC. With an adjustable hinge you can copy from bound documents.

- Up to 600 x 1,200dpi resolution
- Crisp definition
- PC-free copying
- Adjustable hinge

All-inclusive colour scanning

Yet another easy-to-use feature that is going to play an increasing role in the way you work. High quality definition is what you would expect from a Brother machine, and this function comes with another big advantage – all the software is included in the price. This means you can easily scan to e-mail, image, OCR and file.

- Up to 19,200dpi interpolated resolution
- One-touch scan to PC
- ScanSoft® PaperPort® and OmniPage® software included

MFC-210C

Multifunction machine

PhotoCapture Centre™

With digital photography becoming more and more popular, the MFC-210C has all you need to enjoy the benefits of this new technology. Its media slots allow memory cards to be read without a plug-in card reader or the inconvenience of using the software on your computer to download your pictures. You can study a complete selection of thumbnails before you make your print selection, saving time and expense. You can also save and retrieve files via your media card, making this an additional and convenient data transfer tool.

The MFC-210C is compatible with six of the most popular media cards:

- Compact Flash™
- SmartMedia™
- Memory Stick™
- Memory Stick Pro™
- Secure Digital™
- xD Picture Card™

Individual ink cartridges

Eliminating the frustration of having to throw away unused inks, Brother's colour inkjet machines provide separate ink cartridges for each colour. Now all you have to do is replace the empty colour cartridge reducing wastage and the cost per copy.

Cost-efficient individual ink cartridges

At your side.
