

## Big benefits for your business.

The biggest benefit of the Brother Managed Print Service is its **simplicity**; once up and running everything can be accessed easily through our web-based portal.

Total control of your printing environment is at your fingertips.

Begin to 'Pay per click' – gone are the days of unknown or hidden printing costs, you can now have **total visibility**.

You only **pay for what you print** – there are **no 'minimum' volumes**.

Not only can we lower your printing costs but we can also reduce the expense associated with IT staff installing, supporting and maintaining your printing equipment.

Let us work for you so you can concentrate on your business.

## Brother – the perfect choice for you.

Managed print benefits, typically exclusive to large organisations, are now available to businesses of all sizes thanks to Brother's Managed Print Service.

Our workgroup solutions can make your office more efficient thanks to greater

flexibility and less reliance on individual machines.

Our 'At your side' philosophy means that we are committed to looking after you.

## Your next step is simple...

To find out more about how our Managed Print Service works for you contact your local Brother dealer.

## Brother's Managed Print Service

- A simple, tailored package covering purchase of hardware, installation, training and service for total peace of mind
- Only pay for what you print – there are NO 'minimum' volumes
- Manage all your printing needs through the easy to use web portal, providing visibility and control

## Managed Print Service Improved productivity. Reduced costs. Total peace of mind.

High quality printing is essential for all business, yet needs managing effectively to minimise costs.

That's why Brother has put together a Managed Print Service specifically with your business in mind.

The programme allows you to lease the hardware and then pay for the supplies on a 'per click' basis – **you only pay for what you print.**

This provides your business with the opportunity to **improve your cash flow** whilst also **reducing your total printing cost** through effective device management.

**Plus** by providing an overall package including installation, training and service plus a portal to make it easy to manage your printing devices, Brother's Managed Print Service helps you save valuable time to concentrate on running your business.

### How it works for you.

- **The right products for you** – after assessing your printing needs, we'll provide a tailor-made recommendation of mono and colour network devices
- **Managed costs** – full visibility with regular billing for both hardware and the pages you print
- **Delivery and installation** included as standard allowing IT staff to focus on your core business needs
- **Guaranteed servicing and support** - simple web portal for easy access to clearly see individual device usage, order supplies or make a service request
- **Delivery and installation** included as standard allowing IT staff to focus on your core business needs
- **Guaranteed servicing and support** on all products with agreed response times from our authorised service partners
- **Simplicity** – with automatic reading of the number of pages printed, you can reduce wasted administration time and manage your resource costs
- **Recycling** – consumables are recycled continuously, and hardware at the end of the lease
