HL-5470DW Environmentally Friendly Printing

Our commitment to the environment is brought to life with a range of eco friendly features and the attainment of a range of environmental labels and awards:

- Separate Toner & Drum: Less wastage and reduced print costs.
- Toner Save: The Eco feature uses less toner, which can help you to reduce your print spend.
- 2-Sided-N-In-1 & Booklet Print: Reduce paper consumption by up to 75% by printing multiple pages onto a single sheet of paper.
- Deep Sleep Mode: Consumes less than 1 watt of power when not in use, which is 5 times less energy when compared to the standard ready mode.
- Quiet Mode: Reduces the noise level so the device can be used in intellectual areas as recommended by Blue Angel.

Special Offer - Order now and receive a manufacturer’s rebate.

Brother products are designed and manufactured to the highest standards of quality, performance and durability to provide the best possible results.

For maximum printer life, it is best to choose a printer with a duty cycle that far exceeds your print requirements.

An international group of companies doing business as Brother. It is a registered trademark of Brother Industries Ltd. Brand product names are registered trademarks or service marks of their respective companies.
THE HIGH PERFORMANCE PRINTER

Regardless of your business size Brother understands that your business runs on information. The HL-5470DW is packed with a range of easy-to-use, cost effective output solutions that are designed to deliver outstanding results time after time.

PRODUCTIVE

A first page out time of less than 8.5 seconds and an impressive print speed of up to 38ppm ensures large volume print jobs are handled with ease and deadlines are met. The intuitive 1 Line LCD enables users to get the results they need quickly and easily.

FLEXIBLE

High volume printing requires professional paper handling. The 50 sheet multi-purpose tray offers the flexibility of printing on a range of media types including envelopes and thicker paper. The standard 250 sheet lower tray can be further enhanced by adding the optional 500 sheet lower tray.

COST EFFECTIVE

A range of cost saving features including toner save mode and booklet printing allow reductions on print costs. The optional 8,000 page high yield toner cartridge together with the separate drum unit means you can be sure of exceedingly low running costs.

PROFESSIONAL

Thanks to the 1,200 x 1,200dpi print resolution you’ll get sharp crisp text and accurate reproduction of even the finest details on the page. With 2-sided and booklet printing as standard you can produce professional reports and presentations and reduce paper consumption by up to 75%.

INTEGRATED

Wired networked and the latest 802.11n Wi-Fi connectivity allow seamless integration into existing office infrastructure. PCL6 and BR-Script3 ready (PostScript® 3™ Language Emulation) with support for barcode printing as standard enables instant compatibility with business critical systems and applications including SAP.

RELIABLE

Capable of handling up to 3,500 pages every month with ease, the HL-5470DW delivers exceptional quality and performance, consistently meeting the needs of the most demanding business environments.

BROTHER’S DEVICE MANAGEMENT SOLUTIONS

The HL-5470DW is compatible with a range of utilities for device administration and management:

- **BRAdmin Professional** – A device management utility for remotely monitoring and configuring your printer fleet across multiple locations. Remotely diagnose user issues and setup automatic email alerts for instant notification of printer downtime enabling you to solve potential problems before they impact on productivity.
- **Web Based Management** – Manage and configure a single device by creating a direct connection through a standard web browser.
- **Central Deployment** - Deployable printer drivers that can be distributed and then automatically installed to multiple computers from one central location.

DATA SECURITY

- **Business critical data** will remain safe and secure thanks to SSL encryption ensuring that information transmitted from computer to printer is encrypted for maximum security.
- **The secure print feature** allows print jobs to be stored in the memory, only being released when a 4 digit PIN code is entered on the LCD.
HL-5470DW Environmentally Friendly Printing

Our commitment to the environment is brought to life with a range of eco friendly features and the attainment of a range of environmental labels and awards:

- Separate Toner & Drum: Less wastage and reduced print costs.
- Toner Save: The Eco feature uses less toner, which can help you to reduce your print spend.
- 2-Sided N-Ink & Booklet Print: Reduce paper consumption by up to 75% by printing multiple pages onto a single sheet of paper.
