

ADS-2400N

Network document scanner

Bringing Paper to Life

When your scanner is connected,
everyone is connected

Reliable network scanning

The Brother ADS-2400N offers true network capability, so business critical information can be sent directly to a desired network folder location, improving workflow efficiency and increasing productivity.

Wired network

Offers true network scanning without having to log on to a central PC or install software at multiple location points. This allows for information to be shared across teams and departments with minimum user involvement.

Fast input, reliable output

Uses a wider output tray to neatly capture paper fed through the ADF. Trays are angled to encounter less paper resistance, so paper can glide easily and stack smoothly, reducing paper folds.

Versatility

Processes a wide range of mixed document materials, paper weights, colours, sizes and also plastic cards.

High productivity

Built for professional business usage with scan speeds of up to 40ppm (80ipm) and a large 50-sheet capacity document feeder.

Pre-programmed functions

Using programmable buttons, scanned documents can be sent instantly to pre-selected destinations for quick and simple scanning, saving time and staff training.

Range of scan-to functions

Scans to network, OCR software, USB, file, image, SharePoint® and email, so teams across the business can utilise the device no matter their requirement.

For more information, visit: www.brother.co.uk/scanners

Driver and software compatibility

Compatible with key drivers including TWAIN and ISIS, plus Kofax VRS* software compatibility, ensuring easy integration with industry scanning software and systems.

Scan to USB

The scan to USB host feature allows the connection of an external storage flash drive up to 64GB, so users can instantly make their scanned documents portable.

iPrint&Scan app

Brother's free mobile app allows you to scan directly to and from your mobile device over the network connection.

* Kofax software not included

Advanced features

Ultrasonic multi feed detection

Multifeed detection uses sound waves to identify potential misfeeds, reducing the risk of damaged documents and lost data.

Advanced roller system

This system manages incoming bulk paper jobs so only one sheet is processed at a time, for reliability when scanning a variety of document types and weights.

Auto deskew

Automatically aligns scanned images, reducing manual preparation and saving time.

ADS-2400N specification

General

Image sensor type - Dual CIS

Control panel - rubber keys

Paper handling

ADF capacity^[6] - 50-sheet

Minimum document size - 51 x 51mm, maximum^[7] document size - 215.9 x 355.6mm

Maximum long paper scan document size - 5000mm

Maximum daily duty cycle^[2] - Up to 3,000 sheets

Paper weights^[1] (thickness) - 27 to 413 gsm

Plastic card weights (thickness) - embossed up to 1.4mm

Scan

Scan speed (A4) colour / mono - Up to 40ppm (80ipm)

Resolution - Up to 600 x 600 dpi (from ADF). Up to 1200 x 1200 dpi (interpolated)

Functions - email, image, OCR, PC, SharePoint®, WS Scan, USB host, network, FTP/SFTP, Scan Profile^[9]

Profile setting - Including file types PDF (single, split page, archive, searchable, secure, signed), JPEG, TIFF (single, split page), XPS

Other features ^[4]

Auto scan size, auto deskew, skip blank page, auto colour detection, auto image rotation, background processing, binarisation, blurred character correction, boldface formatting, colour dropout, colour tone adjustment, edge fill, edge emphasis, margin setting, noise reduction, multifeed detection, punch hole removal, quiet mode, carrier sheet mode, one sheet scan, plastic card mode, remove ruled lines, detect end of page

Connectivity

Local interface - USB 2.0 and USB host

Wired network interface - 10BASE-T/100BASE-TX/1000Base-T (1 GigE)

Mobile^[5] - iPrint&Scan app, Brother scan viewer for IOS/ OSX, image viewer for Android

Drivers / software

Drivers^[5] - TWAIN 2.2, WIA, ISIS, SANE, ICA

Software for Windows® - Brother Control Center 4, Nuance® Paperport 14SE, ABBYY® FineReader Sprint v.12, ABBYY PDF Transformer+, Remote Set-up, BRAdmin Professional^[3,8]

Software for Mac^[8] - Brother Control Center 2, ABBYY® FineReader Sprint v12, Remote Set-up

Unit

Dimensions (W x D x H) - 306 x 258 x 250mm

Weight - 4.45kg

[1] For best performance it is recommended to use a carrier sheet for the following weights: 27-39 gsm

[2] Maximum number of scanned pages per day can be used to compare designed durability between like Brother products

For maximum scanner life, it is best to choose a scanner with a duty cycle that far exceeds your scan requirements

[3] Optional free download from the Brother Solutions Centre <http://solutions.brother.com>

[4] All available with supplied software

[5] Some options may require additional download or subscription

[6] Capacity varies dependent on paper weight

[7] Document sizes larger than A4, but not exceeding A3, can be scanned (single-side) using carrier sheet

[8] Windows® only

[9] Windows® & Mac® only
