ALL IN
BOX

**Everything you need
for 3 years of printing*,
in one box.**

We understand that frequently changing the inks or toners in a printer, along with the cost of doing so, is an inconvenience people could do without. So we've made this easier.

All in Box will provide you with all you need for 3 years of printing in one take-home box, to help you save time and money.

What's in the box?

- **One Brother printer**
- **3 years' worth of ink or toner***
- **A 3 year warranty for added peace of mind.**

* Bundle does not include paper. Yield is declared in accordance with ISO/IEC 19752 (laser) and ISO/IEC 24711 (inkjet).

Hassle
free
printing
for less

As part of the All in Box range, there are four stylish printers to choose from, each with different features and functionality. The choice includes mono laser printers and colour multifunction inkjets - all with built in wireless and mobile networks, so connecting has never been easier.

With the two mono laser machines, we supply five toner cartridges in the box, each carrying yields of 1,000 pages, so 5,000 pages in total to cover you for a full three years*.

The inkjets machines on the other hand come equipped with four super high yield ink cartridges: black printing up to 6,000 pages and cyan/magenta/yellow cartridges printing up to 5,000 pages*.

Brother Genuine Supplies offer peace of mind and quality guaranteed.

Brother Genuine supplies are developed by the same team of engineers who make our printers. That means they're designed to work together. A huge amount of research goes into the process, covering everything from the shape of the toner particles themselves to the chip that allows the cartridge to speak to the printer. The result is a superior-quality inks and toners that won't let you down

Brother
Earth

cooearth

Working with you for a better environment.

We take our environmental responsibilities seriously, and encourage our customers to do the same by sending us their used Brother inks and toners for re-manufacturing at no cost to them. Absolutely nothing goes to landfill and empty packaging that cannot be reused will be recycled.

In return, Brother donates to rainforest saving charity Cool Earth, which with our support has saved over 7,000 acres of rainforest.
