FAX-8360P

FAX-8360P

Technical Specification

Toner & Drum
General

Engine	Laser
Modem Speed (bps)	33,600
Transmission Speed	2 seconds (Brother #1 Chart, JBIG)
ITU-T group compatibility	Super G3
Data Compression	MH / MR / MMR / JBIG
CPU Speed	RISC-100MHz
Input / Output Width	Up to 216 mm
ADF (Auto Document Feed)	Up to 30 sheets
Paper Capacity	250 sheets (Increase to 500 sheets by adding 250 sheet optional tray)
Cassette control function	This enables the user to dedicate the lower tray to a particular function, e.g. Incoming faxes only
Output Paper Capacity	150 sheets
LCD Display Size	2 lines of 16 characters
On-Screen Programming	Step by step prompts are displayed within the LCD in order to facilitate programming machine options and settings
Backup for clock	Up to 9 hrs
Total Memory Capacity	8 MB (RAM) (Increase up to 40MB using 16 or 32MB DIMM)
Memory Backup	Up to 4 days
Memory Security	Allows prevention of unauthorised access to the Fax machine

Fax

Automatic Redial	Automatic redialling if the recipient fax is busy
One-Touch Dial Keys	32 locations
Speed dials	200 Speed Dial locations
Group Dial	Up to 6 groups
Chain Dialling	Allows the user to store parts for long dialling sequences in different one-touch or speed dial locations
Station ID	This is the name and number identifier of the machine
Telephone Index	An electronic, alphabetical listing of stored one-touch, speed dial and group numbers
Distinctive Ring Detection	A service purchased from the Telephone Company that allows two or more telephone numbers to share a single fixed line, the function enables the machine to provide a different ring pattern for each number Available only for UK and Denmark
Speaker / Ring volume	3 Steps and off
FAX/TEL Switch	Automatic recognition of fax and telephone reception
Super Fine	Enables quality transmission of very small print and line drawings
Grey Scale	64 levels
Contrast	Auto / light / dark
Enhanced Remote Activate	Transfer a fax call, answered at an extension phone, to the fax machine
Delayed Timer	Up to 50
Polling Type	Standard and Secure
Quick-Scan	Reduce scanning times by scanning a fax into memory before sending. Approx. 2 secs per page A4 standard
Memory Transmission	Up to 500 Pages (JBIG / Standard Resolution)*
Out of Paper Reception	Up to 500 pages (JBIG, Standard Resolution)*

Broadcasting	Send the same fax message to up to 282 separate locations, manual 50 locations
Batch Transmission memory	Stores documents for the same location in the machines for transmission in a single call
Auto Reduction	When receiving a single page document between 297mm and 350mm long the fax machine will automatically reduce the message to fit onto a single A4 sheet
ECM (Error Correction Mode)	Where machines share the ECM feature, detects errors during fax transmission and resends the page(s) of the document that had an error
Dual Access	Allows the user to perform 2 different operations on the machine at the same time
Fax Forwarding	Sends a fax received in memory to another pre-programmed fax number
Remote Access	Allows the user to remotely access their machine by using another touch tone phone
Fax Retrieval	Allows the user to retrieve fax messages using another touch tone machine

Copy

Speed	The maximum copy speed is 14 copies per minute
Warm up time from ready/Sleep Mode	It takes approximately 17 seconds for a first copy to be delivered from ready mode and 25 seconds from Sleep mode
Resolution	Maximum 600 x 300 dpi
Multi-Copying / Stack / Sort	Makes up to 99 copies of each page loaded in the ADF, Stacks or Sorts
2 in 1 / 4 in 1	Allows the user to compress 2 or 4 pages into 1 single page
Enlargement/Reduction Ratio	Reduce or Increase document sizes from 50% to 200% in 1% increments

List / Report

Journal Report	Lists information about the last 200 incoming and outgoing faxes
TX (Transmission) Verification Report	Reports transmission details after each fax is sent
Cover-page	Generates a cover page at the recipients machine
Help List	By pressing the Reports key a list of basic operational steps and functions can be printed
System Set-up List	A printed report that shows the current setting of your machine
Order form	An order form will be printed when you press the Reports key, select 'order form' and press the start key

Interface

External TAD Interface	Interface for connecting external telephone answering devices

Weights and Measures

Dimensions	377mm width x 442mm depth x 323mm high
Weight	12 Kg
Power Consumption	Sleep: 10 W or less Stand-by: 70 W or less Peak: 940 W or less

Consumables

Toner:	TN-6300 / TN-6600 (Up to 3,000/6,000 pages with 5% coverage)
Drum:	DR-6000 (Up to 20,000 pages with 5% coverage 1 page per job)

* ITU-T Test Chart #1 with JBIG coding and standard resolution.

FAX-8

Corporate communication with efficiency on your side

FAX-8360P

The FAX-8360P combines a range of high quality fax and copy functions with efficient innovations in technology to give you a superior communications solution for your corporate office.

LASER FAX

Functions

Fast, Quality Fax Transmission

With a 33.6kbps Super G3 Modem, the FAX-8360P allows quicker faxing of office documents via a reduced 2 second transmission speed, improving office efficiency and reducing transmission costs.

Faxes are transmitted in a high quality format thanks to the available 64 levels of Grey Scale, with very small print and fine line drawings presenting no problem with the innovative Super Fine function.

Quick Dialing

Fax numbers of key contacts, clients and suppliers can be programmed into the machine's expansive memory using the available 32 One-touch Dial Keys and 200 Speed Dial Locations, enabling quick dialing of regularly used numbers.

Secure Use

Any unauthorised use or access to the FAX-8360P's faxing, copying and programming functions is halted by the inclusion of a user-defined PIN number, with incoming faxes stored in the memory and only printed when the secure mode is deactivated.

Convenient Document Sending

For added ease and convenience when sending longer outgoing documents, the FAX-8360P allows you to send up to 30 pages at any one time.

Efficient Multi-tasking

For the ultimate in office efficiency, the FAX-8360P allows documents to be loaded into the machines memory whilst other faxes are sent or received, with those stored documents being sent as soon as the line becomes free, easing office congestion.

Superior Copying Performance

Not only does the FAX-8360P offer superior fax functions for your corporate office environment, it also has a range of useful copying functions that will prove indispensable.

The FAX-8360P offers a copying speed of up to 14cpm at a high quality 600 x 300 dpi resolution, and also enables you to make up to 99 copies of each page loaded into the ADF. The machine also offers the useful function of being able to compress 2 or 4 pages onto a single sheet and reduce or increase the size of a single document from 50% to 200% in 1% increments.

Expandability to Suit Your Needs

Paper Capacity

The FAX-8360P offers up to 250 sheet paper capacity as standard, although this can be increased to up to 500 sheets with an optional extra paper cassette, for long lasting paper supply in high receive environments.

Memory

The FAX-8360P has a standard 8MB memory capacity, allowing up to 4 days memory back-up, up to 500* page memory transmission and up to 500 pages out of paper reception. However, this can be expanded to up to 40MB with optional 16 or 32MB DIMM cards, increasing performance even further.
